90-day plan template

A simple plan for a new role or a push for promotion: learn, contribute, then lead.

Three phases

1. **Days 1 to 30: learn**
   Understand how the team is measured, who decides what, and what your manager needs most from you.
2. **Days 31 to 60: contribute**
   Deliver one visible piece of work end to end. Fix a small problem nobody owns.
3. **Days 61 to 90: lead**
   Take on a responsibility one level up. Ask for feedback against the next role, not the current one.

Your plan
